

LENDER INFORMATION

JOIN OUR LENDER NETWORK

Over the last twelve years, Finance Capital has had a successful track record as an equipment lease brokerage, primarily within the durable medical equipment industry and in the hospital and managed care markets. Finance Capital completes transactions with more than 2,000 customers annually within the United States and Canada, servicing 200+ transactions a month with an average lease size of \$60,000 and terms ranging from six to 36 months. With a current market penetration of 25% of the DME commercial business and a dozen high-volume, respected manufacturers, the opportunities for growth abound. By joining our lender network, you can increase your market penetration and funding opportunities easily by providing financing that will prove to be critical in the coming changes to the healthcare industry.

BENEFITS OF WORKING WITH FINANCE CAPITAL:

- Increase market penetration and funding opportunities
- Ability to increase sales through aggressive financing programs
- Dedicated account representative focused on meeting your company goals
- Increase your value and encourage customer loyalty by offering attractive financing options
